Subject: FW: DHCS help

They first came out with this in November or 2022. We've followed up multiple times and nobody on InnovAge's side has seen it all the way through. I even had Ros ask in 2024 when she was covering San B so that people felt the pressure to try and get it done. I believe your team can be the unlock for these leads. Please ask Stryder where he's at with them too.

Thanks, Tony.

Hey Roslyn,

So according to DHCS, Stryder and Christena Duccini has access to the system and provided the attached instructions.

Anzio Dickerson

Director of Compliance

Hi Anzio!

Just following up here on this and our discussion last week. Any update or findings related to this issue?

Thank you so much!

Thank you,

Roz

Subject: DHCS help

Hi Anzio,

Would you be willing to please reach out to DHCS to see what more is needed from us to be able to refer directly to us in CA? A lot of back and forth communication and submitting information to them back at the end of 2022, still seems to be a problem and they can't direct refer. Really appreciate any help you can provide on this. This would impact very positively all CA locations.

Thank you,

Roslyn
